

THE WHITE HOUSE
WASHINGTON

July 24, 1972

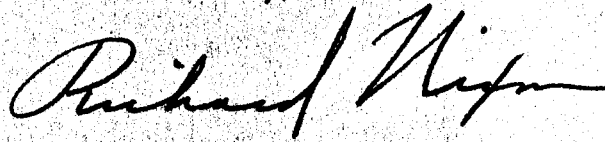

Dear Mrs. Duhamel:

The June floods brought unparalleled disaster to the Rapid City area, and loss of life might have been even greater had not KOTA Radio and Television devoted an extraordinary amount of air time to providing vital emergency messages and information to residents.

You and the staffs of your station have set an outstanding example for the entire broadcasting industry by your unselfish response to the public's needs, and I am pleased to have this opportunity to commend your efforts and to express my deep appreciation for your splendid service to the community.

With best wishes,

Sincerely,

Mrs. Helen S. Duhamel
President
KOTA Radio and Television
