From history to news, science to science fiction, children’s classics to stunning documentaries, the Rapid City Public Library can provide what you need from where you are most comfortable.

From your favorite coffee shop, the desk of your office or from a couch at home, you can download movies directly from our website to your desktop computer, laptop, smartphone or other compatible viewing device.

“This is just another service the Rapid City Public Library provides to meet the evolving needs of our Digital Library users.” stated Rapid City Public Library Director Greta Chapman. “These services take traditional media and make them more convenient and accessible to our patrons.”

To browse, check out and download video titles you only need three things: A valid library card, access to the internet and some free software to download to your device.
